**TILE CENTRE LTD.**

# INTRODUCTION

Tile Centre Limited was established in Uganda in 1990 and has expanded to become one of the largest and leading companies for building materials in Uganda. Its range of products includes ceramic wall and floor tiles, glass blocks, sanitary ware, shower cubicles, colour grout and accessories.

The company diversified its product base in 2007 into the fabrication and installation of high quality aluminium cladding, curtain walling, structural glazing, aluminium doors, windows, office partitioning, tempered glass, manual and electrical aluminium rolling shutters, mineral fibre, gypsum and metallic suspended ceilings and canopies, all catering to the needs of building and construction

industry. It continues to be a leading supplier of these products through its brand Vinco.

In 2017 the company ventured into the manufacturing of pre-stressed hollow-core concrete wall and floor panels, column bases and H- columns for boundary walls.

Being well established and maintaining a strong focus on quality, Tile Centre Ltd. is largely sought after by major architects in Uganda to carry out various projects. The company is well known amongst its suppliers in Europe, Middle East, and the Far East, with a high reputation and credit worthiness. Tile Centre Ltd. has completed projects not only in Uganda, but also in Kenya and Zambia.
